Duties With L.G. Chamber Mrs. Marion Adams Begins

Mrs. Marion Adams, the new secretary of the Lemon Grove Chamber of Commerce took part in her first meeting of the Board Tuesday.

The Board, after meeting Mrs. Adams, announced that it would sponsor a confidential file of home telephone numbers of local business executives, it was decided Tuesday at the regular board meeting.

Sheriff's Deputy Hal Johnston, the Lemon Grove patrol officer, said that the numbers would be kept on file at the Lemon Grove office of the Sheriff's department so that easier access could be had with business people during an emergency.

In addition, the Chamber set aside $25 a month for Johnston's services during the vacation season.

The Chamber also agreed to have a general membership meeting Tuesday, July 28 at 7:30, probably at the L.G. Junior High School auditorium. A program of a controversial nature is being planned so as to attract a large turnout.

The Board set aside $100 with which Member Bob Howell is to start work on a Lemon Grove float. Howell previously had acquired the float and contributed it to the Chamber.

SECRETARY — Mrs. Marion Adams of 3152 New Jersey ave., Lemon Grove, has been named secretary of the Lemon Grove Chamber of Commerce. Mrs. Adams will be on hand at the office to answer questions and conduct office business from 10 a.m. to 4 p.m. Monday through Friday. The office is at 3448 Main. The telephone number is 469-9621. Mr. and Mrs. Adams have lived in Lemon Grove 14 years. They have two children.

San Altos Street Lights Petitions Turned In

Lemon Grove street lighting petitions have been completed and sent to the County Assessor to be checked for validity, Jack Cummings, lighting chairman for the Lemon Grove Chamber of Commerce said this week.

The petition prayed for street lighting in the San Altos area of Lemon Grove. If the petitions are in order, lights will be on by mid-September, Cummings declared.

The district needed $1,410,000 assessed valuation represented by the petition signers. He said $1,700,000 was obtained. Of the 576 homes contracted by petition passers, only 19 rejected the invitation to sign.

A big boost was given last week when the San Altos shopping center signed increasing the assessed valuation considerably.

Street lights will be installed at no cost to residents. Property owners will pay for current the lights consume. It is estimated the cost will be less than $10 a year per home. The charge will appear on the annual County Tax bill.

Prescription Forgery Brings Waitress Fine

SAN DIEGO (CNS) — A Spring Valley waitress, Louise Tucker, 34, 9016 Memory lane, Friday was fined $200 and placed on three years probation by Superior Court Judge William P. Mahedy for forging a prescription for drugs.

She was reported to the Sheriff's Department by F. Clark Lehew, owner of the Casa Rex-all Drug Store, after she had gotten 50 doriden, a non-barbiturate sedative, on a prescription forged under the name of John J. Doria, M.D.

Kenneth Flanders, relief pharmacist, became suspicious. The probation report and a search of the records showed that between Oct. 8 last year and April 22 the defendant received 570 of the tablets on seven apparently forged prescriptions.

Mrs. Tucker told the probation officer that she took the drugs because of two operations she had had and to get some "rest and peace of mind". She said that she no longer uses the sedative. Her husband, Gordon, told the probation officer that if he notices an incident of suspicious drug use, he will not hesitate to sign a commitment petition on behalf of the defendant to a state psychiatric hospital.

Mrs. Tucker, who worked last winter at the Casa de Oro Cafe, is the mother of three children, ages 15, 16, and 17.

Tevee Set Is Loot

The Newton Smith family visited Disneyland last week only to return to find their home had been looted of a 17" Zenith television set, they told Sheriff's deputies. The Smiths live at 4054 Payson rd, in Spring Valley.

Bed Sheets Stolen

A thief stole the bed sheets off the clothes line at Helen Mays home at 9916 San Juan st., Spring Valley, during the midweek. She told officers her loss was $18.

Roofer Loses Tire

A spare tire was taken from the truck belonging to Odom Roofing Co. It was parked at 3252 Harris st., when the loss occurred Sunday.

Grove Man's Saw Taken

A power saw with a carbide tipped blade, valued at $87 was taken from the tool shed belonging to M. G. McReynolds,

Four Areas Seek Exclusion From Proposed L.G. City

SAN DIEGO (CNS) — People who want their property excluded from the incorporation of Lemon Grove left the public hearing Tuesday vowing to work hard during the next ten days. The board had no option on whether or not to give the excluders more time.

County Counsel Bert McLees said the board had to continue the hearing at least 14 days (until 2 p.m., July 21) and give the petitions circulators ten days.

Although those wanting exclusion were quite vocal, they did not represent more than a small portion of the proposed city. Rudolph Benitz, member of the auditor's staff, said that the land valuation is $9,235,950 in the 31,000 acres and that only 7.4 per cent is in protest.

There are four main areas seeking exclusion: Vista La Mesa, a finger to the west along Highway 94, American homes north of the Freeway to the east and a portion to the southeast.

In Vista La Mesa, however, it appeared that about half of the land was represented by protests.

McLees said that the land could not be excluded unless it was at least one square mile because of a state law which also prevents an incorporation of creating a county island within its own boundaries. The one square mile provision obtains when the island would be surrounding by cities.

The two areas to the east could be excluded because they are adjacent to other county territory.

The proponents said little except that Byron Netzley, superintendent of the Lemon Grove School District, asked that the Vista La Mesa School not be excluded. Chairman of the Incorporation Committee Frank Armstrong asked the same thing of the board.

George James, Blackton drive, Vista La Mesa, and M. H. Fallis, said they would not benefit from the incorporation. They and others pointed to the free way as a physical barrier separating their homes from Lemon Grove. James said that he was going to work hard to get more exclusion petitions from the west side in the attempt to connect up the two protesting portions. He said that he thought it would be easier for Vista La Mesa to go to San Diego for annexation.

The arguments against the city were that there would be higher taxes without benefits. Others said they were satisfied with the county services.

The Vista La Mesa area, Benitez said, is less than half a square mile and it appeared from the map that there is a good deal of work ahead of James and his backers if they are to succeed.

Armstrong said that while his group wanted to retain the school, they had no objection to the American Homes group getting out, nor to the southeast part. He said however, that this would also keep out some lots that the owners apparently wanted to remain in the proposed city.

Glenn Kendall, city manager of La Mesa, said that Vista La Mesa could be served properly by that city but that the American Homes area would be more difficult because of a range of hills separating it from La Mesa.

Grove Man Wins $35

Winner of last week's Treasure Chest contest took the $400 jackpot down only $35 as J. S. Saunders of 2821 Cypress ave., Lemon Grove, was judged the Fourth of July holiday's winner.

The jackpot now totals $450 and the next competition will be held at 11 a.m. Saturday at the Lemon Grove lemon.

The contest opens promptly as scheduled and continues until a winner is picked. In order to win, contestants must be present.

The Treasure Chest is a promotion of business firms of the Lemon Grove business-professional community. Contest blanks are given at shops showing the Treasure Chest placard in the window.

TOP CAR — A Lemon Grove man, Clarence Scheidle, operator of L.G. Paint and Body Co., chugged away with two cups at the recent 1964 Biennial Reno Tour in which more than 300 antique cars were entered in the nationwide competition.
Scheidle's 1913 7-passenger Cadillac touring car took best of show and best in class. He was in competition with restored vehicles valued at more than $20,000 each.
Eight months and 1425 hours of labor went into Scheidle's restoration job.
At the competition, open to pre-1916 cars, vehicles made a 325-mile tour around Lake Tahoe for stamina then they were judged on authenticity.
Scheidle's Cadillac engine is 4-cylinders with a 4½" bore and a 5¾" stroke. It is 8 feet high and 14½ feet long. The value is set at $7,000.
On the tour and in the photo above is Mrs. Scheidle.

Tax Rate Is Slashed In La Presa Districts

A lower tax rate is forseen for residents of La Presa County Water District Improvement Districts 1 and 2, it was announced at the District's regularly scheduled meeting Monday.

Harry Baker, District general manager said that the rate should decrease in Improvement District 1 from $1.088 for each $100 assessed valuation to $0.978. If assessed valuation increases, the rate should drop even lower.

In the District's Improvement District 2, the rate will drop from $1.469 to $1.017. Increased assessed valuation would reduce this further, Baker declared.

District 1 is a sewer district; number 2 is a water district. Boundaries are identical. Each has a preliminary budget of about $20,000 and these were discussed at the Monday meeting.

The Board is exploring the possibility of levying a water availability charge instead of an ad valorum tax. Such a move would place a change on every parcel of land in Improvement District 1 without regard for improvements. Suggested schedule calls for $10 an acre and $8 for all lots less than an acre.

All bids for modification in Apple st. were thrown out as being too high. New bids will be received August 3.

Sewer and water hookup fees for the new school on La Presa avenue will be $12,290, Baker announced.

Take Away The Blinders Executive Tells LG Men

Barry Knudson, vice president and general manager of Walker Scott Co., told members of the Lemon Grove Men's Club Friday of opportunities for service in the community, business and church.

He told the story of a horse pulling an ice-cream wagon. The horse wore blinders. One day the blinders were cut off and the horse, able to see the children when they would approach for ice-cream, would head straight for them. No children wanting to buy ice-cream were missed.

"Some of us go through life looking straight ahead and missing what's on the side," Knudson said.

The life of an executive is not an easy one, Knudson said. He cited a survey that showed the average work week for an executive is 64 hours.

Discussing recent changes in business, Knudson said the differences between department stores and discount stores are narrowing. Some discount stores are now extending credit, he said.

"They had to change and we had to change," he said.

The speaker this Friday at the Men's Club is to be Streeter King, manager of Pacific Telephone in La Mesa. He will talk on the Public Utilities Commission's recent decision on rates.

The Men's Club meets Friday noons at the Horseshoe Tavern. All men are invited.

CHIEF OF STAFF — Simon Brumbaugh, M.D. of 7227 Central ave., Lemon Grove, (left) is congratulated by Grossmont hospital district director Charles Hesser, also of Lemon Grove. Dr. Brumbaugh was installed as chief of staff of Grossmont hospital at a dinner Thursday at Singing Hills Country Club. Dr. Brumbaugh has practiced medicine in Lemon Grove since 1952 and has served at Grossmont hospital since it opened. He is one of the past presidents of the L.G. Kiwanis club and past lieutenant governor of the Kiwanis California, Nevada, Hawaii district.
Dr. Brumbaugh is the past president of the S.D. Chapter of Academy of General practitioners and served for the past four years as alternate delegate to the California Medical Association for the S.D. Medical Society. He is a member of the board of trustees of the First Congregational church of Lemon Grove.
At Grossmont hospital he succeeds Dr. Lester Wilcox of La Mesa. Chief of staff elect is Dr. Gladden Elliot of La Mesa. Another doctor from the L.G. Medical Group with which Dr. Brumbaugh is associated also served as Grossmont's chief of staff. Dr. Wesley Herbert served as chief in 1959-60.

Burnham Wins L.G. Fire District Insurance Contract

The Lemon Grove Local Fire District designated the John Burnham & Co. of San Diego as insurance broker of record for the District at the June meeting of commissioners.

Pay Hike Suggested To School Trustees Of LM-SV District

A pay hike of 2½ per cent for classified employes of the La Mesa-Spring Valley School District was recommended at Monday night's meeting of the board of trustees.

The raise would cost the district approximately $83,000 it was pointed out. Robert Gold of Gold and Thomson, Inc., a Los Angeles consulting firm, recommended the pay raise. Gold also recommended upgrading several district positions which would result in as much as 12 per cent pay raises.

In election of officers for the 1964-65 term, Mrs. Anna Dewey was named president of the board of trustees. She succeeds Dr. Cyril Padfield. Robert Andreen is the new vice-president and William Johnston, clerk. Board meetings will continue to be held the second and fourth Mondays at 7:30 p.m. in the Education Center.

Dance Control Law Voted For County

SAN DIEGO (CNS) — The County Board of Supervisors voted as an emergency ordinance Tuesday a law to control teen-age dances at the urging of Sheriff Joe O'Connor.

The main purpose of the law, outside of reasonable normal regulations and restrictions, is to keep boys 19 years old and older from attending the dance and sometimes causing trouble. (Ninteen year olds would be allowed in the dances if they have a younger girl as a date.)

Sheriff's Lt. Robert W. Randall of the Juvenile Division told the board that most of the trouble comes from the older boys. He said that they can now attend teen-age dances. He said there is apt to be trouble when they start dancing with 14 and 15 year old girls.

The new ordinance (effective as of Tuesday) will also prevent 14 to 18 year olds from attending open dances even where liquor is not served.

The City of San Diego does not allow teenage dances to be run on a commercial basis but only as non-profit affairs. Randall said that he felt that the county should allow commercial dances and the board approved. He said that commercial dances are harder to police but that they have a place.

He also said that matrons and women chaperons are necessary because the boys will sometimes give their dates liquor to smuggle into the dances for them, especially if the boys know they are going to be frisked.

Randall said that it was his department's intention to give the youngsters a decent dance. He said that most of them don't want trouble any more than the authorities do.

FIFTY NEW READERS ADDED IN PLAYGROUND PROJECT AID

Fifty-two new subscribers were added last week to the growing roll of readers of this newspaper as funds are being accumulated for Angels Unaware.

Angels Unaware is the East County Chapter of the San Diego Association for Retarded Children.

Part of the income from each payment received for the subscription is given to Angels Unaware for the purchase of playground equipment at the group's day center at 1374-1388 East Lexington st. in El Cajon.

The addition of fifty-two new readers brings the total for the campaign to 184. All of the new subscribers so far have been in Spring Valley. The solicitors will work in that area until everyone there has had a chance to take part, then the Lemon Grove area will be solicited.

Ed Boyd, in charge of the subscription drive, turned over to Angels Unaware $25 last week as first installment of the growing fund.

Donation to Angels Unaware vary from $3.50 down to ten cents. The minimum is given to the group when our present subscribers renew under the program. $3.50 is given when a non-subscriber asks that the entire amount be handed to Angels Unaware. $2.50 is given to the group when a present subscriber gets a neighbor who is not presently a subscriber to take part. The latter arrangement circumnavigates the sales people and the income they would have received is added to the amount Angels Unaware normally gets.

This publication decided to have a circulation drive based on aid to Angels Unaware because the children in Spring Valley and Lemon Grove who need such aid are cared for there.

The playground equipment will be installed when remodeling presently under way is completed on the east county facility.

Those in whose names contributions to the playground fund are being made this week includes:

Mrs. M. E. Saylor, 2142 Clytie lane.
Mrs. Sidney Singer, 1240 Darby st.
Mrs. D. C. Woodward, 1203 Darby st.
Mrs. F. D. Kelloggs, 9762 Dale ave.

The DIMMER VIEW

by MAX GOODWIN

It's a Record

As our readers know, we have a subscription campaign under way with proceeds above our cost, going to Angels Unaware, the East County Chapter of the San Diego Association for Retarded Children.

To do the selling, we acquired a veteran newspaper circulation man, one Ed Boyd, who is handling the project.

While the total is nearing 200 new subscribers in Spring Valley alone (contemplated, 1,000) and Lemon Grove hasn't been started yet, it is heartening to study a report Boyd gave us.

Of the first 60 families Boyd contacted when he started the campaign last month, every one of them signed up. One hundred percent in the first sixty contacts.

It's some sort of a record!

County Medical Society Tries Hand at Censorship

The San Diego County Medical Society is ailing. It suffers from the determination that it has the right of censorship. It denied a young doctor, new to this area, the privilege of giving information to this newspaper about himself and his coming here.

This publication has held that the arrival of professional people in this community had a semblance of newsworthiness and in the past has published short articles as each of these people arrived.

The Constitution has nothing in it that says the San Diego County Medical Society shall control the free flow of such information. It is understandable that information that would be unethical to release could be properly withheld — but the

Here is another column by veteran writer Pete Odens of Imperial Valley. An interesting historian, his columns, which we will publish from time to time, will concern history of Southern California.

by Peter Odens

SPRING VALLEY, CALIF.— Huntington Isham was a traveling salesman for the Studebaker Corporation of South Bend, Ind., but above all, he was a shrewd promoter. When he heard of the fabulous, healthgiving powers of the waters of Sweetwater Springs, he felt that, while others were making fortunes in the mines, here was an opportunity for him to do well by himself without the hard labor connected with mining. He tried hard — too hard — to succeed. There was intrigue, shooting, a law case, and Isham's world crumbled around him.

He was a widower with two grown-up girls and two small boys, and when his 17-year-old daughter was ailing, he began to look for a healthier climate. Then, he heard about the springs. For centuries, Indians living in the area had realized that the spring waters had medicinal value. In 1887, Captain Charles Fitzallen had come down with scurvy, had left his ship at San Diego to settle in the area and had been cured within a month. Isham felt the waters could do wonders for his daughter — and could make a fortune for him.

Inquiries showed him that a San Francisco land company held title to the Jamacha Rancho on which the spring was located. A trip to San Francisco resulted in some kind of agreement between him and the company and a lease for the area. He failed to tell the company, however, that he intended to exploit the spring waters commercially.

He established himself in the Sweetwater area, set up a small bottling plant near one of the two little lakes into which the spring poured its waters, engaged the services of a Mrs. Chittenden to take care of his children — in addition to the services of Captain Fitzallen who had been cured by the spring waters — and began to establish his connections for distribution. The stage was set for drama and intrigue.

The San Francisco land company soon found out that Isham exploited the water commercially and one of their men, by the name of Sanford, went to the scene. Isham was in New York at the time, and Sanford had little difficulty in persuading Mrs. Chittenden that he was the legal owner of the property. A day later, the spring water was still being bottled, but no longer in Isham's name as Sanford took over.

In New York, Isham received an unsigned telegram warning him to "look out" for his spring. He rushed back to San Diego and found Mrs. Chittenden and Sanford bottling the spring water under Sanford's label. With a hammer, the furious Isham smashed all bottles bearing Sanford's name. Sanford withdrew from the scene, Mrs. Chittenden cried bitter tears, repented, convinced Isham that she had been the victim of a fast-talking city slicker, and all was fine again.

Alas, on Isham's next trip to New York, the same tragi-comedy was enacted. Sanford returned, began bottling the water under his name, Isham was tipped off anonymously and rushed back. This time, Sanford was better prepared to deal with him. He pulled a gun on Isham, fired, but missed him. Instead, he hit Fitzallen who had come to the scene from the bottling house. Fitzallen, bleeding from a kidney wound, was rushed to a hospital which considerably cooled off the tempers of both Sanford and Isham, and Isham remained in possession of the spring. History does not tell us what happened to the "faithful" housekeeper, but apparently, she withdrew.

Fitzallen recovered rapidly despite the seriousness of the wound and his age — he was 57. Physicians ascribed this to the healing properties of Sweetwater Springs, which had apparently retarded the ageing process. The San Diego Chamber of Commerce, in 1889, ordered a thorough investigation of the spring while Isham, now undisputedly in possession of the spring, started a nationwide marketing campaign which soon built up a million dollar business.

At the Boston Food Show of 1900, Isham exhibited his healing waters. There, he met a Mrs. Julia B. Adsit of Philadelphia who confided to him that she was losing her hair. He averred that this could be cured by the water and sent her a case. Within a few months, the two were married. Isham had reached the top of the world. There was no way to go but down.

Fate dealt Isham a stunning blow when his wife died four years later of pneumonia. Next came an article in Collier's Weekly in 1906 in which writer Samuel Hopkins Adams called Isham a crook and a swindler. It seems that Isham in his advertising had made vastly exaggerated claims about the healing powers of the water, including the statement that the Spring of Perpetual Youth had found its way through the earth to California and had emerged in the Sweetwater Spring.

Isham filed suit against Collier's asking for $100,000 damages. The case stirred up considerable interest and damaged his business tremendously. Sales dropped sharply. Then came the last straw. Isham had bought bottles on credit and, shipping them overland in winter, they cracked and some $15,000 worth of water was lost. Claiming that the bottles had been defective, Isham tried to avoid paying for them. Now, the money which the spring had earned for him dwindled away and creditors were beginning to park their cars on his doorsteps. His health broke down and he died in New York of cerebral paralysis in October of 1910.

For a brief moment, interest in the spring flared up again, but by 1925, the last shipment of a few bottles was made and the property passed into the hands of its present owner, F. J. Hansen of Spring Valley who could see greater values to be gained from the beautiful land around the spring through real estate development.

The old bottling plant has disappeared today. Not far from the highway, water continues to bubble out of the ground at the amazing rate of 100,000 gallons a day.

Perhaps, in the future, a reservoir will be built and the health giving waters of Sweetwater Springs will appear on the market again. But then again, this may never be done, and motorists will whizz by within perhaps a hundred yards of the spring without knowing it is there, just as they do today.

Forum On Communism Brings Luckman Support

Membership of the Lemon Grove California Republican Assembly has gone on record in support of Charles Luckman, chairman, Board of Trustees of California State College, who recently has been criticized for his statements expressed againt permitting communists to speak on college campuses. These views were brought out by Luckman at commencement ceremonies at San Diego College last month.

Emil Balaban, president of the group, said that the action was taken after due consideration by the membership and was passed by an overwhelming majority in favor of Luckman. The Lemon Grove unit sponsored an open forum last week at the College Grove Community Auditorium with opposing views on the subject "Should Communists Be Permitted To Speak On Campus?" being presented by John Schall, San Diego attorney, and Dr. Melvin Crain, political science professor at San Diego State. The meeting was filled to overflow capacity with standing room only.

Balaban said "our membership felt the necessity of taking such a stand in support of Mr. Luckman, and although this issue is of non-partisan nature we felt it our duty to support such courageous men as Mr. Luckman and others who have spoken out against this misuse of our freedom by the communists who spread their propaganda in our tax-supported institutions." Balaban added, "We fail to see why we should cater to the communists at home, when our State Department is spending U.S. lives and dollars daily fighting communism abroad as is being done in Viet Nam and Laos.

Assessed Valuation Rises In S.D. County

SAN DIEGO (CNS) — Assessed valuation is up in both Lemon Grove and La Mesa-Spring Valley School districts.

Lemon Grove valuation increased slightlyf rom $30,045,000 to $30,716,000.

The Spring Valley district increased from $88,500,000 to $93,258,000.

County-wide increase is about six per cent. It is possible that the county tax rate may remain static as a result, County officials declared.

Social Security Question Box

By Guy Deeks

This column is presented as a public service feature of this paper. In cooperation with the San Diego District Office of the Social Security Administration, typical questions about Social Security will be answered here.

QUESTION: I may work for pay this summer in my uncle's filling station. Should my earnings be reported for social security?

ANSWER: Yes. This work would be covered under Social Security. Be sure to have a Social Security card and give your uncle the number as soon as you start to work.

QUESTION: I am getting social security disability benefits. I have a chance to try myself out on some light work. Will this stop my benefit before I have a chance to see if I can handle the work?

ANSWER: Unless you have actually recovered from your illness your benefits will not stop right away. You will be allowed to work and receive disability payments through a 9-month "trial work period". You should let the Social Security Administration know when you start to work, however.

Few Fire Losses In LG Last Month Fire Dept. Says

Structural fire damage in Lemon Grove was limited to $10 last month, a monthly fire department report indicated.

Included in the calls answered during June were two structural fires, two vehicle fires, three electrical fires and nine grass fires.

CdO Lumber Yard Nixed By County Supervisors

SAN DIEGO (CNS) — Supervisor David Bird Tuesday prevented an extension of C-2 zoning in Casa de Oro which would allow the operation of a lumber yard without the entire business under a roof.

Bird blocked the item with his vote and as the item took four votes to carry, it remains on the supervisor's agenda but with no hope of passing. De Graff Austin is at home and ill but even if he returned, he could not vote on the item because he was not present at the hearing.

The rezoning was requested by Carl W. Hotten and the Dayray Investment Corporation for land north of Campo and west of North Bonita. It was strongly opposed by members of St. Sophia Catholic Church which is to the rear and west. Petitions containing 700 names were submitted to the board.

The Planning Commission had recommended the change for the property and for the portion of the Reasie Lawrence property south of the alley between San Juan st. and Campo rd. Lawrence said Tuesday that he did not want the re-zoning.

The commission said that the change would be a orderly extension of the C-2 zoning which exists on the east side of North Bonita st.

Bert McLees, County Counsel, said there is nothing to prevent Hotten from roofing over the yard adjacent to his present building. He had offered to build a fence in the attempt to block the view to the church but objectors said this would not work because the church is on a higher elevation.

The matter will now lay dormant for 40 days from the hearing last week and then die because of lack of action by the board. A vote of four supervisors was necessary because more than 20 per cent of the property within 300 feet was in protest.

Scholarship Awarded Mrs. Samuel Gagian For PTA Workshop

Mrs. Samuel Gagian, 7234 Rosemary lane. Lemon Grove, has received a scholarship to attend the biennial workshop in adult education being held on the campus of the University of California at Santa Barbara, July 16-25.

The scholarships are promoted through a parent education leadership training program of the California Congress of Parents and Teachers.

Mrs. Gagian was awarded the scholarship because of her extensive background in PTA and civic work. She is now serving as Ninth District parent education chairman. She has served for the past two years as president of San Miguel PTA.

Mrs. Gagian will attend the ten-day workshop for lay and professional parent education leaders to share their knowledge and skills as well as improve their personal backgrounds. Subject matter will be "Freeing Capacity to Learn — The Family's Role".

The workshop is under the direction of the Bureau of Adult Education and the sponsorship of the University of California Extension.

July is a traditional month for family picnics, so we will focus attention on special outdoor foods at our cooking schools this month. We'll give you menu ideas for both foods to prepare and take with you, as well as dishes you can prepare in advance then cook when you get there.

"There's a Picnic in the Air" is the theme for my schools. Join me Tuesday, July 14, from 12:30 p.m. to 2:00, or on Tuesday, July 28, from 10 a.m. to 11:30, in the air-conditioned "Gracious Living Center" of San Diego Gas & Electric Company's Eastern District Office, at 104 North Johnson Street in El Cajon.

We'll make skewered meat balls that you can prepare for picnics and take with you to cook over a fire when you get there. Also on the program will be two changes from potato salad — Marinated White Bean Salad and Mexican Cole Slaw. Also, we'll make Texas Tacos that you can cook and take with you (they stay warm). For picnic desserts we'll make Calico squares using butterscotch bits and Lemon Snaps.

Join us, won't you? We'll also give you new ideas on special food preparation for camping trips. There will be free door prizes and, of course, admission is free.

PRECISION

By CAROL BAKER

The countdown is zero and the launch pad A-OK. Summer has arrived and her firing performance on time as usual! Yes, we take a lot of credit for scientific achievement. Still and all, did you ever stop to think that Nature's performance moves with perfect precision? Nature moves in her mysterious, dependable way, and we on Earth spend much time and effort to determine her secrets, that we may live in ease and comfort with every convenience at our fingertips.

And speaking of convenience, did you ever stop to think about the convenience of the prompt delivery of uniformly precision-mixed concrete from the Nelslo Corporation, of the Kearney Mesa area in Northern San Diego, Spring Valley in Eastern San Diego, and 7th and Main in Otay, when you want to get ready for a first-class job on your patio, driveway, or fence? The Nelslo Corporation, also known as Nelson-Sloan Corporation, with 42 years serving San Diego County, feature rock, sand and ready-mix concrete, according to your specification. The Nelslo Corporation Ready Mix Concrete Service offers convenient delivery to home owner and commercial builder alike. Call 420-3300 (from El Cajon, Pacific Beach, La Jolla and Poway, call toll free Zenith 7-3300) for prompt delivery and service.

arrival of a new doctor in the community has nothing to do with ethics nor the wide spectrum of activities that the society apparently wants so passionately to keep hidden.

Last week when the County Medical Society clamped the lid of censorship on this newspaper, it nudged us into researching the cause for this unusual ban. We found that so many nationally known doctors are being drawn to Scripps and Salk Institutes in La Jolla, that newspapers in the La Jolla area are grinding out column after column of background on some of these fellows as they arrive and become a part of the social and commercial activity. The established doctors, we were told, screamed to high heaven because people were flocking to the glamour boys leaving the old-timers with less patients than they had before the immigration.

To get better control of the situation, the County Medical Society clamped the lid on more tightly, we were informed. How this will control publicity for the newcoming glamour boy wasn't explained.

It is interesting that this condition became a matter of concern for this newspaper just as County Medical Society members were meeting with members of Sigma Delta Chi, the professional journalistic Society, to see if there were areas where better understanding could come between the two professions.

County Medical Society's attempt at censorship is one of the areas where some intelligent work should be done.

What Surveys Fail To Ask

Robert U. Brown, editor of EDITOR & PUBLISHER, the newspaper industry's weekly magazine, got riled up the other day after he had a chance to study a survey made by Elmo Roper and Associates for the Television Information Office.

The study is supposed to prove that "during the last two years teevee has become the public's major source of news."

Brown pointed out that the report was based on a 1,499 interview sampling which amounts to about one interview per U.S. daily newspaper. It also amounts to two and one half thousandths of one percent of the newspaper buyers on one day.

A midwest daily newspaper responded to Brown's comments by reminding that the opening question by the Roper organization is: ". . . where do you get your news about what's going on in the world today . . .?"

You'll recognize the gimmick at once, the midwest newspaper reminds. "What's going on in the WORLD. In other words, where do you get your WORLD news?"

"NOT what's the price of ground beef, potatoes, milk, chickens?

"NOT who had a baby, took out marriage licenses, got a divorce?

"NOT what the bowling scores were?

"NOT where the fire was in the night?

"NOT what's on at the movies.

"NOT what did my AT&T, Xerox, Eastman and Pan American do today?

"NOT what the editor said about firing the chief of police?

"NOT who's preaching at my church Sunday?

"NOT when is the final date for wheat sign-up?

"NOT where can we rent a house?

"NOT who's Drew after today?

"NOT did the school board hire a new coach?

"NOT what the local elevator is paying for corn?

"NOT has Frank Howard hit a homer yet?

"NOT even 'What's on at TV tonight?'"

Crime Notes . . .

8225 Adams st., Lemon Grove. He told police it was taken last week on Wednesday.

BBs Damage Bus

Youngsters sleeping in a parked Economy line bus are blamed for breaking out its windows with a BB gun. The bus was parked at 10106 del Rio, Casa de Oro, bus officials told police last week.

Wheels And Tires Lost

Two wheels and tires from his 1963 Tempest were taken Wednesday, Donald L. Card, of 1776 El Dora, Lemon Grove, told sheriff's office. The car was parked at his home.

School Looted Of Machines

A record player and a recorder, with an estimated value of $250, were taken from the Casa de Oro elementary school Wednesday last week by intruders.

District officials gave the serial numbers of the machines to police.

Windows Broken During Pastime

Len Taylor Steams, of 9025 Ildica, Spring Valley, reported that someone had broken the wind wing of his auto while he spent part of the evening playing pool in Casa de Oro bowling alley. He set his loss at $30.

Sprinkler Taken

A lawn sprinkler and two five-gallon cans of gas were taken from the premises of Cecil Thomas Wilson, 8799 Campo rd., Spring Valley, he reported Thursday.

The lawn sprinkler was cut from the hose, he told sheriff's deputies.

Juke Boxes Looted

Intruders entered the Wooden Nickel Bar, 8290 Broadway, Lemon Grove, through a toilet window Thursday morning between 4:30 and 5:30 a.m. and took coins from juke boxes, bowling machines and cigarette machines. Considerable liquor, kept on the back bar, was not disturbed, sheriff's deputies reported.

The culprit performed his act while the burglar alarm bell was ringing. The alarm was ringing when the first shift at the Rodeo Room, next door, reported for work at 5:30 a.m. and alerted police. A 4:30 a.m. check of the premises showed that everything was secure.

Beatle Robbery Listed

The Great Beatle Robbery may never be solved in Spring Valley unless some better clues are developed by the Sheriff's office.

Two tickets to the Beatle's Los Angeles performance were stolen from Jon Majors last week at his home at 4057 Calavo dr., Spring Valley.

In addition to the loss of the two tickets, the housebreaker also took $20 in cash. He gave the sheriff's men the name of a suspect.

Engine Is Loot

A 1954 Ford engine belonging to William Amos Sperling of San Diego was stolen from the driveway of a friend at 2240 Bancroft dr., Spring Valley, Wednesday. Sperling, 17, had been working on the motor at the home of a friend and had left the motor, worth $125, in the driveway overnight, he told police.

Tar Poured In Motor

Damage estimated at $400 was perpetrated on a pickup truck belonging to Art's Lumber, 9964 Campo rd., Spring Valley.

Cans of roofing tar were used to perpetrate the mischief which included pouring tar all over the truck, into the radiator, carburetor and battery.

The owner gave a sheriff's detail the name of a suspect.

Roof Slashed

Isabel Lopez, a 17-year-old student who lives at 2116 Eldora, Lemon Grove, reported to the sheriff that the top of her convertible had been slashed Saturday night. The car was parked at her home.

Prowler Flees

A prowler was frightened from the home of Margaret Marie Ellis, 29, of 1411 Primera st., Lemon Grove, about 2:45 a.m. Sunday, she told police.

She said a man, about six feet tall, was crouched over her bed with his hand beneath the bedcovers. She screamed and he fled.

A six-year-old girl also occupies the bedroom, police were told.

A previous prowler of Mrs. Ellis' home was located and prosecuted.

BB Breaks Window

A BB pellet was used to shoot a hole in a window at the home of Mary Agnes Jones, 8237 Palm st., Lemon Grove, she told the sheriff's department Thursday.

Youth Booked On Beer Charge

Nathan Lynn Chenowth, 20, of 8728 Ildica st., Spring Valley, was booked at County Jail early Sunday on a charge of possession of alcoholic beverage by a minor. Sheriff's Deputies W. Wagner and R. Jacobs transported him to jail.

In response to a call concerning firecracker shooting at the Jack in the Box in Lemon Grove, the officers reportedly found Chenowth in the parking lot of the restaurant in possession of a partly filled can of beer.

Grove Woman Loses Fur Piece

Mary C. Hunter, a bookkeeper of 1625 Glencoe dr., L.G., was robbed of a $750 fur piece during the two-week's period between June 21 and July 5, she told officers. The fur is a neckpiece made of natural sable. The burglar overlooked a fur coat valued at $1,000, she told officers.

Bikes Taken

Michael Burson, 9, 703 Thayer st., Spring Valley, lost his 26" Sportflight bike from the playgrounds at Kempton st. school in Spring Valley. It is red.

Mildred P. Calvert, 732 Carlsbad, S.V., had her $40 blue Higgins bike taken from in front of her home Saturday.

Tire Is Taken

A spare tire was taken from the station wagon belonging to Robert W. Inscore, 1543 Enfield st., S.V. He put the replaement cost at $10.

L.G. Woman Booked

Police transported a Lemon Grove woman to County Jail and booked her on a charge of being drunk after she jumped from her fiance's car at 2:30 a.m. Saturday, according to Sheriff's Deputies R. Jacobs and W. Wagner.

The officers complaint recites that Myrtle Louise Ryals, 24, of 2106 Bonita st., Lemon Grove was staggering in the 7400 block on Broadway as the officers patrolled the area. She was almost hit by the patrol car as she lurched into the roadway.

Fleeing, she was lost from sight but the officers said they later located her supine in the parking area of Oscar's drive-in unable to navigate. Her fiance, Kenneth Giese, also of Bonita st., driver of the car, was released without charge.

TOTAL LIVING

By JOAN TAYLOR

The wise homeowner today enjoys integrated living—a total daily life filled to the maximum with the satisfied needs of each and every member of the family. Much has been said about the integrated personality, — the harmonious adaptation of the individual with his environment. But what of the adaptation of the home to the individual? Isn't it true that the happiest families are the ones who have their domestic needs satisfied in the home? Otherwise you'll find them across the street, across town, or maybe abroad!

Yes — the good life is the integrated life, where the personality is made whole with total living. And that is why it is so important to select a quality electrical contractor, such as Record Electric Incorporated, of 2253 Fletcher Parkway, in El Cajon, your reputable, dependable, state licensed electrical contractor, offering re-wiring, remodeling, or new construction, with emphasis on total light, and total living in every living area of your home. Why not guarantee total living in your home? For dependable service in home lighting and (P E R T)—Project Planning for General Contractors, call your Record Electric Incorporated.

The chances are good that someday soon you will start to notice round brown spots in your lawn. Not knowing the cause, you may blame one of your pets or you may even read an article about lawn moth, but very seldom will you examine the damage to see if it could have been done by cutworms.

All of these things are possible of course, and many other reasons could be brought forward including fungus, poor water or fertilizer saturation and ground mealy bugs.

Cutworms can be very destructive in lawns, especially in dichondra and usually attack in great numbers over widely scattered areas. The worm is hatched from the eggs of moths that scatter a great many nestings of eggs in a small space. Many sprays are used to combat cutworms, the most successful to date being a mixture of D.D.T. and Chlordane which controls both of the stages of incubation plus the responsible moth.

More than one treatment during the warm summer months may be necessary for later infestations. Always wet the soil before spraying. An indication to prove the presence of cutworms is to flood the questionable area. This should float a good many of the culprits to the surface.

ELECTED TREASURER

Mrs. Frank Rosiak, a member of Court Saint Teresa of Avila, 1580, Lemon Grove, was elected state treasurer of the California Catholic Daughters of America recently at a state convention in San Francisco.

FANCIFUL MAIL BAG

Dear Reader:

We invite you to put on your thinking cap and provide us with "post cards" from travelers as they might communicate with you.

Here are some that could have arrived at our office this week:

Interesting Games Played By SV Pony League Teams

Last week's game in the Spring Valley Pony League showed good pitching in several of the teams, but in a few games the batters went on a spree making the games one-sided. But the games proved interesting.

Here is the way the week went:

June 29. Southwest Trophies 13, Wilson Union 4, with Tom Matters the winning pitcher. Tom Faris of Wilson's got a homer.

June 30. Merchants 5, Polar Foods 3. Dave Akers was the winner on the mound. This was a well-played game with both teams fighting to the last man.

July 1. Shopping Center 14, Berry's Sporting Goods 1. Winning pitcher was John Sarkella.

July 3. Shopping Center 4, Wilson's Union 1, with Phil Knight the winner on the mound. Mike Gunter and Royal Bates, both of the Shopping Center team, collected home runs.

July 4. In the first game of a triple-header, it was Berry's Sporting Goods 7, Polar Foods 6. Mike Garber was the winning pitcher. This game went into extra innings, with most of the tension on the pitchers. Tim McCarthy of Berry's hit a home run.

The second game was won by Southwest Trophies over S.V. Shopping Center, 7 to 6. Tom Matters was the winning pitcher. This game also went into extra innings and was one of the most exciting to date. Phil Knight, Royal Bates and Mike Gunter, all of the Shopping Center team, got home runs. The Shoppers now lead the league for the most home runs, but with their July 4 loss they fall to second place and Southwest Trophies rose to first.

The third game was won by Laura Scudder's over Polar Foods, 11 to 2. Bob Widen was the winning pitcher.

July 5. The first game of a double-header was won by Laura Scudder's over the Merchants, 8 to 0. Chuck Turner was the winner on the mound. Roger Drummond of Scudder's hit a homer.

In the second game, it was Berry's Sporting Goods 10, Wilson's Union 1. Dick Favorite was the winning pitcher. Jim Foley of Berry's hit a home run.

Mrs. Evelyn Scolari, publicity chairman of S.V. Pony League, thanks all the persons responsible for making the Fouth of July festivities at the field such a success.

Tickets are still available for the Las Vegas trip and may be purchased from any Pony Leagues boy. Someone will be winning a fine prize at the Pony League picnic scheduled for July 19.

WORK PROJECT

Cheryl Brown of Spring Valley and Jane De Roche of Lemon Grove will take part July 14 in the "Know Your Community" Summer program for the beautification of the community.

The girls, along with 22 others, will be working in the North Park area. The summer program is under the direction of the YWCA.

RUMMAGE SALE

Mrs. Leslie T. Brock and Mrs. W. J. Houk, co-chairmen of a rummage sale for the Helix Bag-pipe Band, are asking people for donations for the sale to be held Saturday, July 18, at 7825 Broadway, Lemon Grove.

The purpose of the sale is to raise funds to replace worn out uniforms and equipment and to provide outfits for new members. Uniforms are authentic Dress Gordon Tartan.

HEART FUND

Gifts to the San Diego County Heart Association Memorial Fund totaled $2,927.68 for the month of June.

The person remembered in Spring Valley was Harriet E. Stenger, 9377 Crest dr.

Persons remembered in the Lemon Grove area were Dr. Simon Brumbaugh, Sr., 7337 Central ave., and Sven Holmblad, 1667 Watwood.

SCOUT COUNCIL

Twenty-one men from Grossmont Scout District have been elected members of the San Diego County Council, Boy Scouts of America.

Included are:

Henry A. Boney, 9252 Madison ave., La Mesa, president, and council member-at-large, Andy T. Benson, 7554 Central, Lemon Grove.

They were installed at the 47th annual meeting of the council, held in the Airmen's Memorial Chapel at the Miramar U.S. Naval Air Station, June 29.

Distillations

by Larry Stillman

Somehow we have acquired a changed attitude toward death. Reaction to the cigarette-cancer reports, the saturated fat threat, pesticide scare and other developments reflect the trend.

Put it this way — membership in that generally-rewarding club of the living is still appreciated, but threatened loss of a few years privileges is being shrugged off.

One case in point: The auto seat-belt. It is economical, effective and well-publicized; has been shown to lessen injuries and possibly prevent death. In extensive use, yes. However un-equipped cars remain in the majority. Our way of life is such that the TV-less home is a rarity; the belt-less car, a common thing.

Those recent incidents involving rape and murder before many cold, un-helping witnesses are loaded with psychological complexities. Yet, one thing stands out clearly, saving a life was not felt to be worth the bother.

Many months ago a lengthy Government report indicted smoking of cigarettes as a grave health threat. The result? A relatively modest percentage of consumers changed their form of nicotine intake. The cigarette factories are far from closing down.

Victims of Buergers disease have vascular blockage sometimes causing loss of fingers and toes. A nurse told this writer that oftentimes patients warned that smoking aggravates the trouble, go on with the habit, amputations notwithstanding.

Back to our main subject. The keen mind of Norman Cousins once came up with the idea that basic values such as respect for life means much to America. To quote him — "This indifference is not a narrow affair or a sometime thing . . . it helps to determine a nation's goals and its ability to meet them."

May we soon overcome and reverse this un-natural, debasing lowered regard for life.

50,000 Expected To Eat Together At Scout Meeting

When more than 50,000 Boy Scouts sit down for one supper at the Sixth National Jamboree at Valley Forge, Pa., July 17-23, they will eat some 150,000 frankfurters, 27,000 pounds of baked beans, 5,000 bottles of catsup, 10,000 pounds of tomatoes, 5,000 pounds of bread, 1,250 pounds of butter and 6,500 gallons of milk.

Then, they'll top this off with canned pears and cookies for dessert.

Sharing in this meal will be Steven C. Doolin of 8034 Imperial ave., Lemon Grove.

He will be among the 160 Boy Scouts and leaders in four Jamboree Troops from the San Diego County Council, Boy Scouts of America, attending the Jamboree.

They will leave San Diego July 11 and will return July 25, traveling by jet.

A Jamboree troop is made up of four patrols of eight boys each, and each patrol will prepare the meals for its own group and two leaders who are guests.

Grand Jury Probe Of Harassment Asked By Parents

Parents for Prayer, the group responsible for an election to oust three La Mesa-Spring Valley School District board of trustees, Mrs. Margaret Burnett, William Johnston and Robert Andreen, have plans under way to request a grand jury probe of alleged harrassments of petition circulators. A letter probably will be in the hand of the jury by the end of this week, according to John Stennett, chairman of Parents for Prayer. The recall election is scheduled for Sept. 22.

An opposing group, headed by Alan Perry, is gathering forces for a big fight.

No Answer Found By School Boards At Joint Meeting

Five elementary school boards and the Grossmont High School board Tuesday night opposed a proposal to split the Grossmont Union High School District and nine elementary districts into two districts. The Cajon, La Mesa-Spring Valley and Lemon Grove districts were for the proposal. However, after a lengthy deliberation no agreement was reached. The meeting was held at Balantyne School in El Cajon.

Early in February, Lemon Grove District and the La Mesa-Spring Valley School District were considering a plan whereby the two districts could merge and retain two high schools; Mt. Miguel and Monte Vista. The two districts still have the plan in mind. A second plan is to include the Santee School District. However, Tuesday night Santee board members indicated they prefer to stay alone.

Grossmont H.S. Budget Of $10 Million Adopted

Rexford L. Hall and Portia P. Goode were continued as chairman and clerk, respectively, of the Grossmont Union High School District Governing Board at the annual organizational meeting held Monday evening.

Superintendent John T. Warburton was appointed secretary to the Governing Board.

In addition to the approval of routine mandated items governed by the State Education Code, the Governing Board took action to adopt the budget for 1964-65, in the amount of $10,403,947 and approved by the San Diego County Department of Education, as the publication budget. The public hearing for this item was scheduled for Monday, Aug. 3, 1964, at 7:30 p.m., in the Grossmont District board room, and the publication will be made in the Lemon Grove Review this year in accordance with established policy of rotating publication among all District adjucated newspapers.

In other action, the Governing Board continued the same schedule of meetings under which the Grossmont High School District operated for school year 1963-64, as follows: Meetings to be held the first Monday of each month, at 7:30 p.m., in the board room of the District offices, with the understanding that special meetings may be called at the discretion of the Board and that the time limit of 11:00 p.m. be observed for all meetings.

Approval of textbooks for 1964-65 which is mandated by the State Education Code was postponed to the next meeting of the Governing Board in order to give Board Members more time for research.

The Board adopted a resolution declaring intention to sell all of the right, title, and interest in and to real property belonging to the Grossmont Union High School District, identified at Lot No. 7 east of Murray Drive relocated and north of old Alta Drive, and notive inviting bids to purchase this property at a minimum figure of $9,500.

Angels Unaware Officers Seated For 1964-65

Installation of officers of Angels Unaware, the East County Chapter of the San Diego Association for Mentally Retarded Children, was held recently at Bali Hai.

In addition to officers of the East County Chapter, installations were held for the San Diego City and South Bay chapters.

Installed for the East County group were: Dr. George C. Brown, Jr., president; Dr. George Holland, immediate past president; Rodney Franklin, second vice president; Mrs. Harry Green, second vice president; Mrs. Norman Merrill, recording secretary; Mrs. Charles Decker, treasurer, and Mrs. John Dall, board chairman.

Elected to the board of directors were: James Gilliam, Robert Kujellis, Mmes. F. Marso, E. G. Bauer, Robert Baker, David Wilson, Lloyd Crounse and William Foss.

Also: Mrs. Irma Carlile, Verne Donahue, Dr. Marjorie McIntosh, O. A. Brown, Fred Burkhart, Dr. Kenneth Venn, Henry Boney, Mrs. Delia Benedict, Arthur Thomas, Paul Brown and Ray Fellows.

Mrs. Dorothy Sumner was installed president of the County Council and Donald Olson was installed as chairman of the Hospital Parents group.

Mrs. Vistor Lee remains as press chairman of the East County chapter.

SHRINE PREXY — Henry Goldy, well-known east county business man, will be installed as president of the Mt. Helix Shrine club Thursday (July 16) at a dinner-dance at 7 p.m. at the Bronze Room in La Mesa.

Installing officer will be Robert "Bud" James, Shrine Potentate and County Clerk.

To be installed with Goldy are: C. H. McCullough, 1st vice president; Audie Whelan, 2nd vice president; Amos La Faver, secretary, and William J. Morgan, treasurer.

The dinner feature will be a whole Cornish game hen stuffed with wild rice. All Shriners and Masons and their friends are invited to attend. Reservation should be made at 463-9891.

Goldy, who lived in Spring Valley until recently, formerly operated a restaurant in Lemon Grove.

In Shrine affairs he has been active in many crippled children charitable projects as committee chairman and served on committees of many other Shrine charity projects during his 21 years of membership.

School Trustees To Face Recall Election Sept. 22

Whether or not three members of the La Mesa-Spring Valley School District board of trustees are ousted will depend on the voters of the district at an election Sept. 22. The three; Robert Andreen, William Johnston and Mrs. Margaret Burnett, are subject for a recall election as an aftermath of their voting in favor of banning teacher-led prayers in L.M.-S.V. schools. Petitions circulated by Parents for Prayer obtained enough signatures for an election.

John L. Stennett, an attorney, who is chairman of Parents for Prayer, said that in case the three board members are ousted, his group wants to select three candidates they can back — three who are in agreement on the prayer issue. He said ten persons have already been contacted.

Stennett said also that Parents for Prayer do not want to require any teacher to have prayers or denominational services. He said they are only asking that if a teacher wishes, he or she can use non-denominational prayer or grace to aid in teaching moral values. He said Parents for Prayer have no qualms with the school administration.

Another group, the Committee to Oppose Recall, has plans to work against ousting the three board members. Co-chairmen of the group are Alan R. Perry, Richard J. Reyburn and Hardy G. Kuhkendall. Alan Perry said this week that he has hopes his group will convince enough voters to vote "No" at the polls. He said there are two principal points for a "No" vote. Number 1 is that County Council is correct in saying that a teacher could not take the task of directin or instigating a prayer; and 2, that board members who act on the advice of their lawyer (County Council should not be recalled.

Danny Dyer Wins Troop 354 Award

Danny Dyer, Boy Scout of Troop 354, was awarded a God and Country merit badge at a court of honor meeting of the troop on June 30. It was the first such award for the troop. Danny had been active in church work and Bible study at the Foothills Methodist Church while Rev. James King was pastor.

Two life awards were made at the court of honor: one to Larry Binder and the other to Alex Fousek. This is the award just before Eagle Scout.

First class awards were given to Brad and Jerry Gatlin, Dennis Lynn, Vernon King and Steve Walker.

Three first and two second awards were given for summer camp. The troop plans a campout at Mataguay Scout Camp in August.

Roy Simon is scoutmaster of Troop 354.

Cub Pack 357 Holds Olympic Meet in SV

Cub Pack 357, sponsored by the Avondale School PTA, held a Cub Scout Olympic meet the latter part of June at the school with fifty boys participating. Many of them were clad in the traditional Olympic garb.

NO MAN IS AN ISLAND

By JOAN TAYLOR

It has been said that "No man is an Island", and I believe today no man can deny the reality of that statement, as the world has not only become smaller, but has made us all one family destined to live together on one small planet. Now that the world has become smaller due to easy access to foreign countries, and travel in outer space, it is easy to understand that a man is no different than his country. He cannot live alone is modern society.

Today in a decade of breakthoughs in outer space and beyond, we are apt to take for granted the many advances that have taken place right here on planet earth. And one of the major breakthroughs around here is the expert work of the San Diego Excavating Company of 9514 Pryor Drive, in Santee, under the direction of John P. Murphy, your reputable dependable, state licensed Engineering contractors, specialists in grading, asphalt paving and excavating — mapmakers of San Diego, making the roads, streets and driveways for a greater city in motion. For an estimate on asphalt paving and grading see the San Diego Excavating Company — you'll be glad you did.
